

## April Newsletter

Spring is finally here and that means our classrooms are “bursting” with excitement. Weather permitting we will be taking some walks and playing outside. ***For safety reasons, please refrain from sending your child with flip flops to school. Shoes with straps are appreciated. Thank you for your attention in this matter.***

We have many activities planned for the coming warm days. Some of them include; sidewalk art, dancing with streamers, bubble blowing, balance beam, and many more.

In the Blue Room, students have been learning about Ladybugs with their “live” feature creature. This month students will be able to learn and explore the life cycle of butterflies with real caterpillars. The caterpillars will make their chrysalises and turn into butterflies. Students will be able to release the butterflies after from their habitat.

**Our themes for the month are Spring, April Showers, Plants, flowers, and end of the year activities.**

The 3 year old classes will be learning about sequencing in math and our language concepts will be the alphabet, name tracing, and parts of a book.  
**\*\*\*Show and Tell will continue on Tuesday and Wednesday this month. After April....No more Show N Tell!**

The 4 year old classes will finish the alphabet letters (X,Y,Z), sight words, and letter sounds. They will also be learning about measurement for math.

### **Dates to Remember:**
